We know that the world is made of reality. Rigid, rule-driven, and adult. Fortunately, our world is made of fantasy. Pleasant, pliable, and colorful. It lets you model a starship. It lets you create a world of dinosaurs. It lets you make a mouth for the wall.

Fantasy has no limits.
And that is why our clay is made of it.

SIMPLY UNLIMITED

A pixel is the simplest element of any image. So simple that its possibilities are endless. To build a mountain, you may need a hundred thousand pixels... or just one gray block. PIXIO is a magnetic construction set in the pixel art style featuring blocks that are 8x8x8 mm in size and connected thanks to a well-thought-out system of magnets. It's an innovative tool for pixel art modeling and perhaps the easiest way to enjoy creativity.

Set Creativity Free! Everyone has an inner artist striving to create. Set your creative soul free with the Pixio magnetic blocks!

Feel Zen of Pixel Art. Combining the blocks one by one, feel the rhythm of pixel creativity. Observe the smallest details and just let your hands create.

Ultimate Toy Tool. The Pixio blocks are made to create. Transform the prototypes of your dreams into reality while the idea is burning in your mind.
